Durable waterproof sheet metal cabinets for lithium battery and solar storage systems. Customized design, weather protection, CNC cutouts, and fast delivery.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Through mechanical waterproof design and rubber strip sealing, we ensure the integrity of the waterproof structure for outdoor enclosures in various environments, increasing product durability ...

Protect your solar batteries with our tested, waterproof enclosures today! KDM solar battery cabinets provide you with the ultimate outdoor dust-tight, watertight, and weatherproof solution for your solar ...

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

Cooperate with solar panels to form an energy-saving and green photovoltaic storage system, making it easier to build an independent energy storage system for residential and commercial use.

Battery enclosure boxes also feature locking machanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment. Our battery ...
