Jiangsu Hige New Energy liquid cooled energy storage cabinet ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

With the microgrid, the synchronization capability between the generator and the energy storage Power Conversion System (PCS) ensures seamless and uninterrupted operation. The PCS can either ...

Unleash peak performance and unparalleled security with our Air-cooled Energy Storage System. This modular powerhouse seamlessly integrates AI-powered intelligence for optimized operation and ...

Perfect for factories, data centers, EV charging stations, and microgrids, this plug-and-play ESS cabinet provides peak shaving, backup power, and renewable energy optimization --all in a compact, easy ...

Jiangsu Hige New Energy liquid cooled energy storage cabinet (100KW/215KWh) is a high-power liquid-cooled energy storage solution for commercial and industrial energy storage, microgrid and ...

Ranging from 100 kW to 4 MW, our PCS comply with global certifications and seamlessly integrate with major battery brands and various battery technologies. This enables customers to build energy ...

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.
