-----

Housed in a compact 10-foot ISO standard container, it supports renewable generation and time-of-use tariffs, helping UK businesses align with decarbonisation goals and Net Zero targets.

Discover the MEGATRON Series - 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering ...

Our 200KWh Outdoor Cabinets energy storage system is built with IP54 protection, ensuring it can withstand harsh weather, from scorching sun to torrential rain.

The outdoor cabinet-type photovoltaic storage system, boasting a power rating of 100kW/200kWh, seamlessly amalgamates energy storage batteries, PCS, power distribution, ...

Multiple functionality modes allow simple switching between grid, PV, or genset enabling better user control and stability. These units come with the latest and best-in-the-market battery chemistry ...

BSLBATT ESS-GRID Cabinet Series is an industrial and commercial energy storage system available in capacities of 200kWh, 215kWh, 225kWh, and 245kWh. It offers peak shaving, energy backup, ...

All in one energy storage system (100KW PCS and 215kwh LiFePO4 battery are contained in a cabinet); The 200 kwh battery system is flexible, and supports hybrid grid and on grid operation.

This product is a 200kW/480kWh industrial and commercial integrated energy storage cabinet utilizing Lithium Iron Phosphate (LFP) battery cells.
