This system works same as any of our other grid tie system interacting with the existing utility grid, feeding excess energy back onto the grid, and spinning the meter backwards.

This all-in-one Energy Storage cabinet delivers dependable backup ...

Pre- sale: Have been served for 120 countries professional teams will free to hlep you to design and big project site survey. Selling: Three days per time of follow-up services, video inspection.

How Much Power Can I Get Out of A 5kw Solar System?How Many Panels Does A 5kw Solar Kit contain?How Much Space Will The Solar Panels Take on My Roof?A 5kW solar kit from GoGreenSolar requires about 299 square feet of space. Solar panels with string converters need to be grouped together and facing the same direction. You'll want to consider whether this option is the right choice for you or if you'd be best served by solar panels with microinverters. Microinverters allow you to place panels in ...See more on gogreensolar Location: 1630 South Sunkist Street Ste E, Anaheim, 92806, California.
