From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

The outdoor integrated comprehensive cabinet integrates power supply, communication transmission, and all-round intelligent monitoring functions within a compact modular design, featuring an ...

-Modular energy storage and low-voltage parallel BMS improve system stability; -Thermal aerosol fire extinguishing device ensures safe operation of the energy storage system; -Intelligent temperature ...

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

30kW/60kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. They are also used for border security, relay towers, ...

Deye GE-FL60 cabinets, 60kwh battery bank with IP65 enclosure, cooling and fire suppression system. Deye's GE-FL60 are advanced lithium iron phosphate (LFP) battery energy storage systems ...
