-----

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

Unlock energy independence and maximize ROI with the Cooli Smart 100kW/215kWh Air-Cooled Energy Storage Cabinet. Engineered for commercial and industrial resilience, this high-density ...

Our 20-foot Air-cooled cabinet C& I solar power storage systems feature a revolutionary Battery Modular design and distributed cooling system. This means better temperature control, ensuring your ...

LiFePO4 100kw 215kwh air-cooled energy storage cabinet offers high-capacity, ...

Design an efficient air-cooling system using fans, heat sinks, and ventilation to maintain optimal battery temperature. Create a robust and compact cabinet design using materials like steel or aluminum for ...

Designed for medium-scale applications, it offers a reliable and efficient solution for storing solar energy and supplying consistent power, even in fluctuating grid conditions.

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.

Combines LFP batteries, PCS, EMS, BMS, power distribution, fire protection, and cooling systems in one all-weather unit.
