Who is deploying EV charging stations in Bangladesh?

Various power sector agencies including Bangladesh Rural Electrification Board (BREB) and West Zone Power Distribution Company Limited (WZPDCL) have already deployed EV charging stations, as have various private investors (including SolShare).

What can be done about grid connected energy storage in Bangla-Desh?

Limited experience and knowledge of grid connected energy storage in Bangla-desh. Early-stage pilot programmes such as the planned 2MW grid connected BESS funded by the Asian Development Bank (ADB) would further support capacity building and knowledge transfer. 3.3.

Can distribution companies provide electricity solutions for displaced communi-ties in Bangladesh?

There are no service obliga-tions for distribution compa-nies to provide electricity solu-tions for displaced communi-ties in Bangladesh. Distribution companies and non-governmental organisations (NGOs) (in the absence of ser-vice area obligations) would be key institutional stakeholders for the deployment of this applica-tion.

Is energy storage regulated in Bangladesh?

For example, the Bangladesh Energy Regulatory Commis-sion (BERC) Licensing Regu-lations 2006 do not include rules for licensing of energy storage technologies (except for pumped storage). The institutional framework for the procurement and deploy-ment of such projects is well established in the country.
