To compete globally, we must expand energy production and reduce energy costs for American families and businesses. America must lead the world in innovation and ...

These Checklists provide information on the Inspection and Testing activities to be carried out by the Applicant contractor at the end of the construction of a BESS, in order to connect it to the Distribution ...

Fiscal Year 2026 Budget Justification documents to support the Department of Energy Budget Request to Congress

The U.S. Department of Energy today announced \$2.7 billion to strengthen domestic enrichment services over the next ten years.

The U.S. Department of Energy (DOE) today officially kicked off President Trump's Nuclear Reactor Pilot Program, announcing DOE will initially work with 11 advanced reactor ...

The U.S. Department of Energy (DOE) today announced over \$320 million in investments to rapidly advance the Genesis Mission's artificial intelligence (AI) capabilities.

PDF | This paper proposes a simulation model to calculate short-circuit fault currents in a DC light rail system with a wayside energy storage device.... | Find, read and cite all the research you ...

Open-source short-circuit solver implements proposed models and methods with additional useful features. Large-scale integration of renewable energy sources (RES) and high voltage direct ...
