Learn about LZY's cutting-edge products, from mobile solar PV containers, photovoltaic glass, and BESS power conversion systems.

We create an independent container equipped with a 3 [kW] inverter and 3.84 [kWh] energy storage. This concept does not require connection to the grid. The containers cannot be combined.

We sell a container including fold-up aluminium solar wings, each made from 8 solar panels, providing 2.4kW power and wired to the pre-fitted technical room inside the container.

A list of the European countries in alphabetical order. Discover the sovereign nations, regions, and members of the UN and EU.

Independent Energy sets the standards with containerised solutions for autonomous solar systems. The container systems are supplied in Europe and Africa and provide cost efficient, easy transportable, ...

The creation of the European Economic Community in 1957 and the EU in 1993 greatly enhanced economic cooperation between many of the continent's countries. Europe's continuing ...

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of ...

The European Union is a political and economic union of 27 member states located primarily in Europe. The EU was established in the aftermath of World War II to promote peace, stability, and economic ...
