Best Portable Solar Panel Chargers Reviewed Conclusion and Solar Panel Recommendations What to Consider When Buying A Folding Solar Panel Frequently Asked Questions About Folding Solar Panel Chargers Is it safe for my phone to be left out in the sun with a solar charger? It's safe as long as you don't leave the phone itself in the sun. Try putting it underneath the panel or in some shade next to it. Get a longer cable if you can't keep the phone shaded. Be careful with batteries and heat, and leaving it in the sun while it's being charged can damage the battery. Are solar chargers efficient enough to be worth it? Short answer, yes they are. I have been using a 19.5W solar panel to keep my phone, tablet and power bank charged when I have been away from outlets for weeks. They are already powerful and relatively cheap, but will become even better and less expensive in the future.
