Haichen is a leading global manufacturer of household energy storage batteries, C& I ESS, and battery energy storage systems with integrated solar inverters, located in Dongguan, China.

In 2021, the 280Ah energy storage battery was launched, becoming the industry's first benchmark product for large-scale energy storage projects, making "high safety, long life, and high efficiency" a ...

The cost of Haichen energy storage power supply varies based on several factors, including the capacity of the system, the technology used, and the specifics of the installation site.

Technology Co. Jun 5, 2025 &#183; ? ? Yinlong lithium titanate batteries: 2.3V, 30Ah, 35Ah, 40Ah, 45Ah, large quantities in stock. When your project needs more than just capacity - go for ...

Xiamen Haichen Energy Storage Technology Co., Ltd. specializes in the R& D and production of lithium battery core materials, lithium iron phosphate energy storage batteries, and ...

Our 48V 100Ah LiFePO4 battery delivers high-performance energy storage with a built-in 100A BMS, smart display, and mobile app control. With up to 4800W output and 5000+ cycles, it's ideal for solar ...

The Ministry of Industry and Information Technology strengthens the standardized management of energy storage: promoting technological upgrading and scene expansion in the lithium battery industry

HAICHEN specialized in manufacturing and selling lithium ion batteries, Battery Pack, li-polymer battery, battery operated hydraulic pump, solar street light battery, fork battery, E-boat battery.
