How much does a solar inverter cost?

Monitoring There is a considerable price difference between the hundreds of solar inverters available. For example, an entry-level 5kW inverter can start at as little as \$650, while a premium quality 10kW inverter with a 10-year warranty may cost up to \$2400.

What types of solar inverters are available?

Models include Solaron250 kW Solaron 333 kW Residential, Industrial and Commercial Inverters with built-in disconnects from Solectria include PVI3000 PVI4000 PVI5000 PVI5300 Residential models and PVI13KW PVI15KW commercial and industrial models.

How much does a 10kW inverter cost?

For example, an entry-level 5kW inverter can start at as little as \$650, while a premium quality 10kW inverter with a 10-year warranty may cost up to \$2400. However, considering the higher failure rates of many low-cost inverters and the difficulty of claiming warranties, we recommended investing in a higher-quality unit.

Who makes Sungrow solar inverters?

Sungrow SG Series Founded in 1997 by a university professor, Sungrow is one of the largest suppliers of solar inverters globally and a leading Chinese inverter manufacturer. The residential SG range became very popular due to the competitive price, excellent reliability, and good reputation for service and quality.
