Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

Whether in residential homes or commercial buildings, Huijue Group's new generation home energy storage inverter system delivers efficient, convenient, and reliable energy solutions, ...

With its high efficiency, compatibility with battery storage, and rugged design, this inverter provides continuous, reliable power even in remote locations without access to the grid.

Growatt can achieve energy priority utilization and increase the utilization ratio of photovoltaic energy by monitoring and controlling the integrated energy storage cabinet and photovoltaic inverter and setting ...

The HJ-HIH48 series is the next-generation hybrid inverter solution for intelligent, efficient, and economical solar energy storage and use. Be it residential, commercial, or off-grid areas, it can ...

HJ-HIH48 Series hybrid solar inverter, it can realize self-consumption and feed-in to the grid from solar energy with best solution according to your setting.

This inverter features a rounded corner design, with an exquisite appearance that combines beauty and practicality. It supports multi-parameter custom adjustment to meet various application scenarios.
