What is JA Solar?

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, commercial and utility projects. As one of the first suppliers with industrial PV production capacity, we took on a pioneering role at an early stage.

Who is ja Tech?

JA TECH CO.,LTD. JA TECH CO.,LTD. is a distributor and solutions provider of photovoltaic (PV) systems. The company offers a complete assortment of both on-grid and off-grid solutions, including modules, inverters, mounting systems and accessories, to PV professionals in Europe, the Middle East and Northern Africa.

What is a solar agrivoltaic plant?

The 5.5-hectare agrivoltaic plant in Bruck an der Leitha, Austria, uses "sun catchers" to maximise energy yield and optimise grid stability. The system consists of movable PV modules that track the sun and thus optimise electricity production. At the same time, the use of space is minimised.

Since its inception, JA Solar DeepBlue series PV modules have undergone several product iterations, all while staying true to its core design concept of optimizing LCOE (Levelized ...

JA TECH CO LTD Maximum efficiency 98.4% Dual MPP trackers Type II SPD on DC side Supports export control Touch key and OLED display Data storage up to 25 years

JA SOLAR stands for durable, high-performance PV modules that generate first-class energy yields. With our broad product portfolio, we offer sustainable and innovative solutions for residential, ...

JA TECH CO.,LTD. is a distributor and solutions provider of photovoltaic (PV) systems. The company offers a complete assortment of both on-grid and off-grid solutions, including modules, inverters, ...

JA TECH CO LTD X1-Hybrid inverter in variants ranging from 3 to 5 kW High efficiency, up to 97.8 % with natural cooling ensuring the inverter runs smoothly and quietly Emergency power supply (EPS) ...

We have a long experience with the distribution of solar panels. Since 2011 we are building partnerships with top manufacturers, therefore we can secure a high quantity of solar panels for a good price.

The MS G3 inverter is an ideal match for residential PV rooftops with a complex layout. With a total of three MPPTs, the inverter accommodates the required design flexibility while enabling high system ...

Your chosen system consists of a SolaX 5.0kW G4-V2 Hybrid inverter with Wi-Fi inverter with 5 JA Solar 410W Monocrystalline PERC Half-Cell MBB Black Frame MC4 modules and SolaX Triple Power HV ...
