Aptech Africa's innovative solar solutions herald a brighter, more sustainable future for Juba, paving the way for a greener and more resilient energy landscape.

We offer discrete components of high quality: stand-alone PV systems; grid-tie systems; and solar, wind and generator off-grid hybrid systems. We also offer power protection equipment such as Voltage ...

Juba-based Depo Energy: Leading solar provider powering Africa's future. 15MW+ capacity, quality systems for homes, businesses, institutions across East Africa.

The solar farm is under development by a consortium comprising Elsewedy Electric Company of Egypt, Asunim Solar from the United Arab Emirates (UAE) and I-kWh Company, an energy consultancy firm ...

By designing, supplying, installing, and commissioning a state-of-the-art 229.9kWp solar rooftop grid-tied system, Aptech Africa has demonstrated its commitment to transforming the energy ...

OFGEN Africa, a Nairobi based solar power developer and EPC has commissioned a 338.57 kWp & 0.75MWh off grid solar PV plant to power the UAP Equatorial Tower, the tallest building in Juba.

Aptech Africa designed, supplied, installed and commissioned a 229.9kWp solar rooftop grid tied system in Juba. The system comprised 415 panels of 550Wp with inverters of 100kW.

JNTech all-in-one solar storage system integrates an inverter and energy storage cabinet into a single unit, providing a compact and efficient solution for solar and microgrid systems.
