Saphiion specializes in designing custom lithium-ion 18650 battery, 21700 battery and lifepo4 battery in various specifications, sizes, and shapes to meet your unique needs that vow your success!

End-of-life batteries collected by Durapower Holdings Pte. Ltd. will be directed to GLC Recycle Pte. Ltd., which operates a battery materials recycling facility in Laos.

Now imagine thousands of these batteries ending up in Lao rice fields instead of recycling centers. That's the reality we're facing - and also the golden opportunity.

It is Southeast Asia's largest processing plant for recycled battery raw materials and is located in Vientiane, Laos. The facility can produce 24,000 tonnes per year of recycled nickel and cobalt ...

The project comprises of the following four components: (i) Sub-transmission and distribution network reconstruction, reinforcement, and operations efficiency in the major load centers of Hargeisa; (ii) ...

The answer lies in advanced lithium battery storage systems. From solar farms needing stable energy buffers to factories requiring backup power during outages, these solutions are reshaping Laos" ...

To help you navigate this growing industry, we've compiled a list of the top 10 suppliers, manufacturers, wholesalers, and traders specializing in lithium-ion battery crushing and separation ...

As we approach the 2025 ASEAN Summit, all eyes are on Laos" energy strategy. Will this be the decade when lithium batteries transform a nation"s power grid while creating 15,000 new manufacturing jobs? ...
