DALLAS - Industry leaders, innovators, and policymakers will gather at the Microgrid Knowledge Conference 2025 from April 15 to 17 in Dallas to explore the latest advancements in microgrids,...

Celebrating its 10th year, the Microgrid Knowledge Conference 2025 will be held April 15-17 in Dallas, Texas, assembling industry leaders, policymakers, technology innovators, and energy ...

The Clean Coalition was a partner organization for this event, which took place on 15-17 April 2025 in Dallas, TX. Microgrid Knowledge (MGK) Conference 2025 is the intersection of education, advocacy ...

International Conference on Electronics and Renewable Systems, 2. EnergyTech Conference Perth, 3. Asia Conference on Power and Electrical Engineering, 4. Microgrid Knowledge

The goal is to foster information exchange and high-quality, one-to-one networking among industry professionals. Topics include grid modernization, microgrids, cyber security, EV charging ...

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, and the University of Macau.

This year's event will dive into the urgency of fractionalized energy systems, the growing impact of grid-edge technologies, and how microgrids are redefining energy independence in real time.

As AI data centers, electrification of industrial processes and transportation, and other factors drive a surge in demand for electricity in North America, microgrids and off-grid energy systems are seen as ...
