500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy systems.

All system systems are offered with either 400VAC or 480VAC 3 Battery Energy Storage EPC Contractor (BESS) We are a BESS turnkey EPC contractor and systems integrator of advanced ...

The modular CAB 1000 offers scalable, high-performance power conversion, tailored for your power-conversion needs. Its simplified installation and world-class power density ensures your system is ...

? High-Capacity Outdoor Energy Storage for Scalable Applications Key Features: 1075kWh battery storage with 500 kW rated AC output, ideal for commercial and industrial loads. Combines LFP ...

Flexible and Convenient: Modular PCS allows for linear expansion of battery units and bidirectional energy storage inverter units; it possesses independent charging and discharging control capabilities ...

We can project manage the full-turnkey EPC contract of a standalone on-site BESS solution or co-locate with MWM gas engines as part of a hybridised power solution.

Choose from 250kW up to 500kW total PCS power ratings and capacities ranging from 500kWh to 2200kWh. All-in-one design contains battery racks, PCS, EMS, HVAC, UPS, controls, networking, ...

The RS485 certified Outdoor ESS Cabinet has a robust and rugged internal and external structure. It is delivered >95% pre-assembled, having already been manufactured, assembled, commissioned, and ...
