GSL ENERGY High-Voltage Rack Energy Storage System -- 51.2V 200Ah modular modules, total capacity ~120kWh. Built for commercial & industrial workloads: reliable, safe, and ...

With integrated inverter, battery, EMS, and BMS, plus advanced safety features and off-grid capability, it offers reliable power security, energy cost optimization, and black start functionality.

We provide customized OEM battery packs, assemble the battery with wiring, fuses and plastic covers, and all battery wires are connected to PCB plugs or built-in BMS.

The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation works with energy ...

The AceOn Stack 24-60kW 48-120kWh modular battery storage system is fully integrated with a 3 phase inverter that can operate on or off grid, up to 10 battery storage modules and an energy management ...

This isn't just a battery; it's a fully integrated power fortress, combining a massive 120kWh LiFePO4 battery bank, a powerful 50kW inverter, and a sophisticated thermal management system within a ...

Discover the 120kWh Micro-grid Air-cooled ESS -- a modular, all-in-one battery energy storage system for commercial and industrial applications. On-grid/off-grid support, smart monitoring, and certified ...

20-120kWh modular battery storage system for commercial, solar, and backup applications. Scalable, high-voltage solution with LiFePO4 safety and BMS.
