Delhi's Power Minister Ashish Sood on Thursday inaugurated India's first commercially approved and South Asia's largest standalone utility-scale Battery Energy Storage System (BESS),...

NEW DELHI | 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the ...

NEW DELHI: Power Minister Ashish Sood on Wednesday reviewed the progress of India's first commercially approved and South Asia's largest standalone Battery Energy Storage ...

More than 60 delegates from 40 different countries, including ministers, on Thursday visited South Asia's "largest" battery energy storage system (BESS) set up in Delhi's Kilokari area.

Developed with support from IndiGrid, GEAPP, and TERI, this is south Asia's largest standalone battery inverter-type power setup -- based on advanced technology. Through this initiative, the...

A 20 MW battery energy storage system in South Delhi will enhance grid stability, integrate renewables, and supply four hours of daily power.

In a significant step toward India's clean energy transition, AmpereHour Energy, in collaboration with Indigrid and BSES Rajdhani Power Limited (BRPL), has successfully ...

The New Delhi Energy Storage Power Station project isn't just about megawatts - it's about creating a replicable model for sustainable urban energy management. As cities worldwide confront similar ...
