Keep your batteries safe and organized with the help of our indoor and outdoor enclosures. Contact Dowd Battery for more information today!

Built in circuit protection Battery Management System (BMS) is incorporated against abuse. Better storage up to 6 months thanks to its extremely low self discharge (LSD) rate and no risk of ...

At CooliBattery, we specialize in manufacturing and supplying high-performance LiFePO4 home energy storage systems designed for solar applications, off-grid living, and residential backup.

Huijue 48V/600Ah industrial battery backup and energy storage system boasts high energy density, efficient charge-discharge conversion, and a robust BMS with multiple protection features.

We are a customized manufacturer, with a professional R & D design team and automated production lines. We support one-to-one customization and can give you a satisfactory design according to the ...

For standard lithium battery 48v/51.2v module, BMS is applied to monitor voltage, current, temperature of cells and module, take protections against over-charge, over-discharge, over-current, over ...

Used for solar panels?mountain communication base station?communication base staion energy storage; backup power?home energy storage and industrial energy syorage.

Elecnova 233KWH commercial & industrial energy storage system adopts adopts advanced cabinet-level liquid cooling and temperature balancing strategy. The cell temperature difference is less than ...
