Founded in 2012, BSLBATT is an innovative high-tech company that designs and manufactures intelligent lithium-ion batteries (up to 50% more efficient than comparable products on the market) for ...

Keep your electric forklifts running with Toyota Lithium-ion Batteries, which offer unique cell technology for higher energy density and longer battery life. See more details.

Our forklift battery cells for sale are built with advanced lithium-ion technology, incorporating robust safety features to protect against overcharging, overheating, and short circuits.

We provide power solutions with Lithium LiFePO4 Battery for different brands like Forklift, Toyota Forklift, Linde Forklift, BYD Forklift, Komatsu Forklift, and Hyundai Forklift.

The BSLBATT Lithium batteries use prismatic cells based on the superior LifeP04 (Lithium Iron Phosphate) technology. This cell offers a long cycle life with an excellent energy density.

BSLBATT showcases lithium forklift batteries at Intermodal South America (Apr 22-24, São Paulo, booth G147). Cut costs & boost efficiency with green tech.

OneCharge promotes lithium forklift batteries in Latin America (LATAM) through flexibility in business strategies and product offerings.

Forklift batteries repurposed for solar storage deliver high-capacity 24-80V power at 40-60% lower cost than dedicated solar units, enabling 20-30kWh banks with 95% efficiency.
