What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a multitenant outdoor cabinet?

Vikitor's multitenant outdoor cabinets enable multiple operators or equipment types to share the same protected infrastructure. Segmented internal layouts and isolated compartments ensure electrical and thermal separation, making them ideal for shared telecom or co-location sites. Get technical specifications and pricing tailored to your project.

What are the applications of outdoor electrical telecom enclosure?

Outdoor electrical telecom enclosure mostly suitable in various applications such as public work, traffic, security cabinets, control and instruments, telecommunication, electrical substation, windfarms and solar farms, and many more. Applications
