What should a rooftop solar quote include?

The main components of a rooftop solar installation are the solar panels, inverters, and batteries. A solar quote should, at minimum, include the brand name and model number for each component and information about the warranty coverage offered for these components. Here's some more information on what to look for:

How do I get a solar quote?

Get accurate technical specifications and request a quote for each product. Get competitive quotes from trusted local and national solar companies. SolarCompare is an online platform helping homeowners purchase solar power, compare solar panels, and choose vetted installers.

How do I compare solar quotes?

Comparing solar quotes isn't as simple as finding the company that offers the lowest price or the best equipment. If you've gotten solar quotes, it's totally natural to be overwhelmed by what you're looking at. Here are the important things to look at when you consider each quote:
