Do I need a power adapter in East Timor?

Whether you'll need a power adapter depends on the type of plug your devices use. Here's a breakdown based on travelers from different countries and continents: In North America, the standard plug types are Type A and Type B, with a voltage of 120V. Since East Timor uses Type C, E, and F outlets, you'll need a Type A/B to Type C/E/F adapter.

What type of plug does East Timor use?

In North America, the standard plug types are Type A and Type B, with a voltage of 120V. Since East Timor uses Type C, E, and F outlets, you'll need a Type A/B to Type C/E/F adapter. Additionally, as the voltage in North America is different, you may also need a voltage converter for devices that are not dual-voltage.

What type of electrical outlet does East Timor use?

East Timor primarily uses Type C, Type E, and Type F electrical outlets. These types are commonly found in many European countries. Also known as the standard "Euro" plug, Type C outlets have two round pins. Similar to Type C but with an additional grounding pin, commonly used in France and Belgium.

Do power plugs work in Timor-Leste?

In Timor-Leste, navigating power plugs can be a bit of a puzzle due to the variety of types in use, including C, E, F, and I. Understanding these plug types and knowing which countries share the same type can save you a headache and keep your devices charged.
